MIRANDA

"I have just made this hexie garden tote bag that was featured in *Quilt Now* issue 12. I only used materials – wadding and braid – from my scrap stash. I'm really pleased with it and it's definitely a keeper"

NICOLA

My next-door neighbour was clearing out her sewing room and I became the lucky recipient of four bags of fabric! To say thank you to my neighbour I have made her a table topper – not only was I able to use the Christmas scraps, it was also my first attempt at foundation paper piecing. I am now hooked on FPP and looking for my next project!"
